

Atom75 AR Privacy Policy

What personal information do we collect?

We don't collect any personal information.

Camera usage description

Our AR applications utilize augmented reality technology via built-in device camera. This process is done on the device and does not transmit images to a cloud-based service.

Third-party disclosure

We want to be clear about how we use your personal information, thereby we will send a request with your email to our server only with your permission.
We are committed not to sell, trade or transfer your personal information to third parties.
We do not include or offer third-party products or services in our app.
